

## ECCO 120 BB

**Portal turnstile with  
U-shaped bars,  
120° separation, cabinet for  
reader installation**

Especially well suited for outdoor access points in building access control, at sports facilities and for parking garage entrances with high demands on mechanical load capacity.

- Card readers can be installed
- Easy assembly and installation
- Vandal-proof
- Single or bidirectional operation
- Reversible entry direction
- High quality and long service life
- Integrated LOGITURN control unit
- Maintenance-free mechanism
- Easily accessible electronics
- Traffic counter

## Functional Description:

The Ecco 120 BB motorized portal turnstile with stainless steel drum, barrier grate, guides and feet is especially well suited for outdoor plant access control as well as for stadiums, recreation facilities and garage-to-building transitions.

The housing can accommodate card readers, intercom systems or the like. The control unit is located in the side housing cabinet for easy maintenance access.

The Ecco 120 BB is suitable for single or bidirectional operation, and its 120° division means high comfort with good traffic separation.

A galvanized version is available as an economical alternative.

## Application Areas:

- Building Access Control
- Events & Stadiums
