## Functional Description:

The motorized, waist-high Vario 1100 E vertical turnstile is made entirely of rustproof materials and is especially well suited for creating barriers at high-traffic access points in pools and recreation facilities.

The drive and Logiturn controls are located on top and thus easily accessible and protected from ground moisture.

With its transparent housing, the Vario 1100 E is unobtrusive in appearance and enhances the architecture of the reception area.

The Vario 1100 E is suitable for single or bidirectional operation and is optionally available in saltwater-resistant construction.
